ELECTRONIC POSTMARK - CERTIFICATION OF ELECTRONIC FILING

TAXPAYER: Kenneth W & Xiao H Ross

PRIMARY SSN: 381-48-9108

FEDERAL RETURN SUBMITTED: March 29, 2007 07:37 PM PDT

FEDERAL RETURN ACCEPTANCE DATE: 03/29/2007

The Intuit Electronic Postmark shows the date and time Intuit received your federal tax return. The Intuit Electronic Postmark documents the filing date of your income tax return, and the electronic postmark information should be kept on file with your tax return and other tax-related documentation.

There are two important aspects of the Intuit Electronic Postmark:

1. THE INTUIT ELECTRONIC POSTMARK.

The electronic postmark shows the date and time Intuit received the federal return, and is deemed the filing date if the date of the electronic postmark is on or before the date prescribed for filing of the federal individual income tax return.

TIMELY FILING:

For your federal return to be considered filed on time, your return must be postmarked on or before midnight April 17, 2007. Intuit's electronic postmark is issued in the Pacific Standard Time (PST) zone. If you are not filing in the PST zone, you will need to add or subtract hours from the Intuit Electronic Postmark time to determine your local postmark time. For example, if you are filing in the Eastern Standard Time (EST) zone and you electronically file your return at 9 AM on April 17, 2007, your Intuit electronic postmark will indicate April 17, 2007, 6 AM. If your federal tax return is rejected, the IRS still considers it filed on time if the electronic postmark is on or before April 17, 2007, and a corrected return is submitted and accepted before April 22, 2007. If your return is submitted after April 22, 2007, a new time stamp is issued to reflect that your return was submitted after the IRS deadline and, consequently, is no longer considered to have been filed on time.

If you request an automatic six-month extension, your return must be electronically postmarked by midnight October 15, 2007. If your federal tax return is rejected, the IRS will still consider it filed on time if the electronic postmark is on or before October 15, 2007, and the corrected return is submitted and accepted by October 20, 2007.

2. THE ACCEPTANCE DATE.

Once the IRS accepts the electronically filed return, the acceptance date will be provided by the Intuit Electronic Filing Center. This date is proof that the IRS accepted the electronically filed return.

The IRS has extended the due date for the first estimated tax payment to April 17, 2007.
